Empathy Map Canvas:

Persona 1 – Customer (Movie / Event Goer)

Persona 2 – Cinema Manager / Event Organizer / Admin

Understand the needs of the people who run cinemas and events and manage the platform behind the scenes.

GOAL

Run shows and events smoothly: fill seats, avoid overbooking, verify tickets quickly and track sales and refunds.

What do they THINK and FEEL?

What do they HEAR?

- Customers complain when seats are unavailable or refunds are slow
- Admin and owners ask for daily and monthly sales reports
- Staff report long queues when tickets cannot be verified fast
- Users report abusive or fake reviews

PAINS

- Double booking or overbooking of seats
- Manual spreadsheets and scattered reports
- Refund work when a show is cancelled
- Forged or reused tickets
- No record of who changed prices or data

GAINS

- Real-time occupancy with booked, locked and available seats
- Automatic 100% refunds when a show is cancelled
- Signed single-use QR tickets that cannot be forged
- Dashboards with charts and CSV / Excel export
- Audit log of every admin action and role-based access

What do they need to DO?

- Create and edit shows, screens and seat layouts without overlapping schedules
- Set ticket prices per seat category and manage F&B, coupons and event ticket types
- Scan or enter QR / booking ID to verify tickets at the gate
- Monitor occupancy, bookings and revenue per show and per event
- Handle cancelled shows with automatic refunds and manage users and reviews (admin)

What do they DO?

- Manages cinemas, screens, shows, prices and events
- Scans QR tickets and checks booking status
- Reviews bookings, payments and refunds with filters
- Exports reports and monitors KPIs and analytics
- Moderates reviews and manages coupons and banners

What do they SAY?

- "I need to see occupancy for every show."
- "Block overlapping shows automatically."
- "Verify tickets at the gate in seconds."
- "Give me daily bookings and monthly revenue charts."
